Movies have never been more affordable with Nu Metro and Multiply!

At a glance

There's nothing like a good movie to take your mind off everyday worries. For children, the big screen experience is always a treat no matter how many times they go. But these days a family outing to the movies can be quite costly, which is why you'll love this deal. You can pay way less for any family member on Multiply or take a friend and enjoy any 2D, 3D, Scene VIP and Scene Xtreme movie at our participating Nu Metro cinemas.
