Multiply your Pick n Pay Smart Shopper points up to 10x

At a glance

Grocery shopping is part of everyday life and the PnP Smart Shopper programme rewards shoppers for their daily spend. Now we've found a way to multiply the money you can save. From your daily groceries; to clothing; appliances and more, you can multiply your Pick n Pay Smart Shopper points earned up to 10x depending on your status. The great news is that you are not limited to health and nutrition products, any items that earn base Smart Shopper points will qualify.

What you get

Premier

Based on your status, Pick n Pay Smart Shopper points earned on your total qualifying spend will be multiplied by:

Bronze	Silver	Gold	Platinum	Private Club
2x	4x	6x	8x	10x

Here's a quick example:

Mr Smith is on Private Club status and earns 200 Smart Shopper points when he shops at Pick n Pay. We will multiply his 200 points x 10 = 2 000 Smart Shopper points in total, which will include Mr Smith's initial 200 Smart Shopper points.

The total qualifying spend per month for single members is capped at R2 000 and R3 000 for family membership. After this limit is reached, your Smart Shopper points will not be multiplied for that month, however you will still earn Smart Shopper points on your purchases at PnP.

Provider

Based on your level, Pick n Pay Smart Shopper points earned on your total qualifying spend will be multiplied by:

Level 1	Level 2	Level 3
2x	3x	4x

Here's a quick example:

Mr Smith is on Level 3 and earns 200 Smart Shopper points when he shops at Pick n Pay. We will multiply his 200 points x 4 = 800 Smart Shopper points in total, which will include Mr Smith's initial 200 Smart Shopper points.

The total qualifying spend per month for single members is capped at R1 000 and R1 500 for family membership. After this limit is reached, your Smart Shopper points will not be multiplied for that month, however you will still earn Smart Shopper points on your purchases at PnP.

How it works

How to get it

You need to belong to Multiply and Pick n Pay Smart Shopper to qualify.

To activate:

We'll need your Smart Shopper number to get going. You can:

1. Login to Multiply at www.momentum.co.za/multiply. Click on Pick n Pay under the Partner Rewards tab and Activate, or
2. SMS the word PnP, your ID number and your Smart Shopper number to 47214. Example: PnP 7712345678945 1234567891234567, or
3. Call our call centre on 0861 88 66 00.

Using the benefit

Remember to swipe BOTH your Multiply and your Smart Shopper cards at the till before the cashier starts to scan your grocery items to ensure that your Smart Shopper points are recorded and multiplied. If you don't swipe you won't get the multiplied points.

To view your statement, login to Multiply at www.momentum.co.za/multiply, click on the My account tab and select My points statement.

If your Smart Shopper number changes, remember to update it online, or call the call centre on 0861 88 66 00 to ensure that your multiplied points are allocated to the correct Smart Shopper card.

Multiply Premier members : the main member and partner qualifies for the benefit.

Multiply Provider members : the main member may select any two members on the contract to make use of the benefit. Multiplied Smart Shopper points will be allocated within 10 working days after you've shopped.

The status used to calculate your points will be as at time of allocation, not when you shopped.

Your total qualifying spend will also be calculated on the day of allocation and carried over to the next month. Here's an example: If you shopped on 28th of March, but we calculate your points on 2 April, then we will use your qualifying spend for April which means your spend for April will be reduced.

By activating this benefit you give Multiply and Pick n Pay the authority to share your information in order to administer the benefit.

Where promotional bonus Smart Shopper points are earned, only the base Smart Shopper points will be multiplied.
